

The Business Plus plan is a solution for customers with resource-demanding websites who want to stay on a shared hosting server. The plan comes with more CPU minutes, more MySQL minutes, increased maximum mailbox size, and more.

The upgrade fee is calculated based on the difference between the monthly fee for your current hosting plan and the monthly fee for the plan to which you are upgrading, multiplied by the number of months you have until the renewal date of your current subscription.

Account Renewal Options	Expiration	Period
<input checked="" type="checkbox"/> Hosting Account	August 23, 2020	<input checked="" type="radio"/> Renew the current Business plan 1 year - USD 96.00 [20% discount] <small>* Regular price USD 120.00 / year</small>
