#### Selected accomplishments

##### Utility Box Art Project

Have you noticed the colorful control boxes all across the Northridge area?

The Northridge West Neighborhood Council, supported by the LA Department of Cultural Affairs, transformed 7 utility boxes in our area into works of art during the holiday season. We hope that these works of public art will add to the beauty of our neighborhood. See below and stay tuned as we post more information!

We are grateful for all the artists, community members, and our partners who contributed to the selection and painting of the artworks. This project was managed and facilitated by 11:11, A Creative Collective, Inc in partnership with LA City Councilman John Lee of District 12, Northridge West Neighborhood Council and Porter Ranch NC.
